## Link Piano Company Database Report

### Grouped by Brand Name and Sorted by Serial Number

Monday, October 9, 2023

Originating data collected and compiled by Charles (Rusty) King, Dana Johnson, and Art Reblitz  
Copyright © 2023 by Mechanical Music Press, et, al. - All Rights Reserved

Total items listed in this report: 85

Style Notes: 1. A tilde (~) or a question mark (?) in a number field represents a missing or unknown number.

2. Items follow in the order of the brand name (Automatic Musical Company, Marcola, and Link) regardless of the serial numbers that may apply. Rebuilt "Automatics" usually have Link serial numbers and a Link fallboard decal, and therefore are listed under the Link Piano Company brand name.

### Automatic Musical Co.

Brand Name	- - - Piano Serial Numbers - - -	Model	Case Type	Case Finish	Year Mfr
------------	----------------------------------	-------	-----------	-------------	----------

Automatic Musical Co.	Haddorff #18838	----	M	Cabinet Style	Quartered Oak	1906
-----------------------	-----------------	------	---	---------------	---------------	------

Instrumentation: Piano with mandolin attachment and metal flute pipes.

Stack Type: Early 3-tier (standard) stack.

Pipe chest: Single chest, symmetrical pipe arrangement.

Pump: Horizontal round belt, vacuum & pressure. Expression Control: AMC balance beam on top of pump (with coil spring balanced spill valve).

Art Glass: Rectangular beveled glass window.

Comments: The original stack appears to have been replaced by a later vintage unit stack, and the pump by a horizontal vacuum/pressure pump, probably a factory upgrade. A Horizontal music roll cabinet was probably installed during this renovation, because a cone type friction drive tempo/speed unit commonly used in conjunction with the horizontal roll cabinet type of roll frame is still mounted on the inside right hand side of the case, and the dirt/oil stains on the case floor suggest that the pump platform was originally mounted next to the cone friction drive. At some more recent time the pump was moved to the left side of the case to make room for an added shelf, made of unfinished and still relatively bright lumber, from which hangs a Monarch A-roll spoolbox, in what might be characterized as a less than professional looking conversion.

Automatic Musical Co.	Haddorff #19616	----	Reliable	Keyboard Style	-----	1907
-----------------------	-----------------	------	----------	----------------	-------	------

Instrumentation: Piano with mandolin attachment.

Plays Link Reliable music rolls.

Comments: Haddorff piano serial number, not Schaff.

Automatic Musical Co.	Schaff #22866	----	Unknown AutoMusical Co	-----	-----	1906
-----------------------	---------------	------	------------------------	-------	-------	------

Art Glass: Early oval glass.

Comments: Keyboard style early oval glass machine with roll mechanism added on top and all Link components. In poor condition.

Automatic Musical Co.	Schaff #23711	----	Mandolin Piano	Keyboard Style	Oak	1907
-----------------------	---------------	------	----------------	----------------	-----	------

Instrumentation: Piano, separate 31-note mandolin unit with mechanical strumming mechanism.

Roll System: Under keyboard with vertical storage bin. Plays Link Reliable music rolls.

Comments: "Automatic Musical Co." fallboard decal. Was originally a Mandolin Piano with obvious special mounting holes in the piano plate for the mandolin mechanism and screw holes in the case for the belt driven crank that works the mandolin pluckers. There is also evidence of the roll bin under the keyboard, and the bottom board has a piece added on the top edge. On the inside of the bottom board are the remains of an "Important Things You Should Know" instruction sheet (without a picture). Which states

Brand Name	- - - Piano Serial Numbers - - -	Model	Case Type	Case Finish	Year Mfr
------------	----------------------------------	-------	-----------	-------------	----------

that the music roll is on top of the case. The piano case is missing the (added on) top case extension, and the player action and pipes, but has a Link style pump and speed control remaining. This instrument was probably converted to a horizontal endless roll system by Link after the takeover of the Automatic Musical Company.

Automatic Musical Co.	Haddorff #27096	- - -	Mandolin Piano	Keyboard Style	Oak	1908
-----------------------	-----------------	-------	----------------	----------------	-----	------

Instrumentation: Piano, separate 31-note mandolin unit with mechanical strumming mechanism.

Stack Type: Early 3-tier (standard) stack.

Roll System: Under keyboard with vertical storage bin. Plays Link Reliable music rolls.

Pump: Circular 3-lobe, vacuum. Expression Control: Hammer rail lift only.

Coin System: Coin tripped knife switch, no accumulator. Motor: Not original.

Art Glass: Oval beveled glass pane.

Comments: Mandolin Piano model, with a Reliable Self-Playing Piano decal on the music roll bin. During the 1950s the instrument was reportedly in the Boot Hill Museum, Dodge City, Kansas, and was maintained by the late Durrell Armstrong. It was sold at auction when the Boot Hill Museum decided to sell of much of its mechanical music collection.

Automatic Musical Co.	Haddorff #27646	- - -	Flute Piano	Keyboard Style	Oak	1908
-----------------------	-----------------	-------	-------------	----------------	-----	------

Instrumentation: Piano, mandolin attachment, symmetrical metal flute pipes.

Stack No: 1353 Stack Type: Early 3-tier (standard) stack.

Pipe chest: Single chest, symmetrical pipe arrangement.

Roll System: Top of piano, horizontal music bin with chain drive fingers.

Pump: Horizontal round belt, vacuum & pressure. Expression Control: AMC balance beam on top of pump (with coil spring balanced spill valve).

Art Glass: Center clear oval glass panel; three rectangular windows at top with green and white marbled art glass surrounded by filigree.

**Total Items this section: 6**

## Marcola

Brand Name	- - - Piano Serial Numbers - - -	Model	Case Type	Case Finish	Year Mfr
------------	----------------------------------	-------	-----------	-------------	----------

Marcola	Haddorff #47564	Link #6011	Marcola Flute Piano	Cabinet Style	Quartered Oak	1912
---------	-----------------	------------	---------------------	---------------	---------------	------

Instrumentation: Piano with mandolin attachment and wooden open flute pipes.

Stack Type: Late 3-tier with bleeds in the unit valves.

Pipe chest: Early, bass pipes on separate offset chest.

Roll System: Above pump, 2-level horizontal music bin, chain drive fingers. Plays Link RX music rolls.

Pump: Horizontal round belt, vacuum & pressure.

Coin System: Has four coin slots; one each side; two on front.

Comments: Keyboardless Automatic Musical Company cabinet piano, Style M, but without original front doors or top, installed inside giant oversize Marcola cabinet. Haddorff serial number on back. AMC/Marcola serial number 6011 on the piano plate is painted over and difficult to read.

**Total Items this section: 1**

## Link Piano Company.

Brand Name	- - - Piano Serial Numbers - - -	Model	Case Type	Case Finish	Year Mfr
------------	----------------------------------	-------	-----------	-------------	----------

Link Piano Company.	Haddorff #51170	Link #2049	R	Keyboard Style	-----	1913
---------------------	-----------------	------------	---	----------------	-------	------

Instrumentation: Piano with mandolin attachment, and a rank of either flute pipes.

10/9/2023

Page 2 of 13

Brand Name	- - - Piano Serial Numbers - - -		Model	Case Type	Case Finish	Year Mfr
Plays Link RX music rolls.						
Link Piano Company.	Haddorff #52568	Link #2075	R	Keyboard Style	Oak	1913
Instrumentation: Piano with mandolin attachment, and a rank of open flute pipes.						
Stack No: 2075 Stack Type: Late 3-tier with bleeds in the unit valves.						
Pipe chest: Early, bass pipes on separate offset chest. Register unit: Slider valves.						
Roll System: Top of piano, horizontal music bin with chain drive fingers. Plays Link RX music rolls.						
Pump: Horizontal round belt, vacuum & pressure. Expression Control: Early balance beam on top of pump (with coil spring balanced spill valve).						
Coin System: Coin makes electrical contact. Motor: Holtzer-Cabot 1/6 HP #82934						
Art Glass: Raised "torches" on doors; boat in lake surrounded by trees in middle section.						
Comments: Has Automatic Musical Company plate; the placement of the serial number resembles description of Schaff, and seems to be painted with a stencil onto the plate in a little rectangle. Completely refinished and restored, except for piano strings, circa 1990, and in good playing condition.						
Link Piano Company.	Haddorff #?????	Link #2078	R	Keyboard Style	Golden Oak	----
Instrumentation: Piano with mandolin attachment, and a rank of open wooden flute pipes.						
Stack Type: Late 3-tier with bleeds in the unit valves.						
Pipe chest: Early, bass pipes on separate offset chest. Register unit: 3-slider lock and cancel unit.						
Roll System: Top of piano, horizontal music bin with chain drive fingers. Plays Link RX music rolls.						
Pump: Horizontal flat belt, vacuum & pressure.						
Comments: Undergoing restoration by Ken Preece, player piano rebuilder and founder of iCoustic Guitars, circa 2017.						
Link Piano Company.	Haddorff #53961	Link #2178	R	Keyboard Style	-----	1913
Instrumentation: Piano with mandolin attachment, and a rank of either violin or flute pipes.						
Plays Link RX music rolls.						
Art Glass: Parrot art glass.						
Comments: Holtzer-Cabot motor 571469 (1926, not original).						
Link Piano Company.	Haddorff #55844	Link #2203	R	Keyboard Style	Mission Oak	1913
Plays Link RX music rolls.						
Art Glass: Parrot art glass.						
Comments: Guttled, but case intact. Had sliding levers mounted under the treble end of the front or music desk board to cut off the Mandolin and Pipes (as mentioned in Style R advertisements); one lever remains but no longer has mechanism attached. Plate has "Automatic Musical Co" on it, but also has Link decals.						
Link Piano Company.	Haddorff #56271	Link #2214	R	Keyboard Style	-----	1914
Instrumentation: Piano with mandolin attachment, and a rank of flute pipes.						
Plays Link RX music rolls.						
Art Glass: Parrot art glass.						
Link Piano Company.	Haddorff #?????	Link #2255	R	Keyboard Style	-----	----
Instrumentation: Piano with mandolin attachment, and a rank of either violin or flute pipes.						
Plays Link RX music rolls.						
Comments: Originally had chain drive finger transport for music rolls.						
Link Piano Company.	Schaff #25499	Link #2264	Flute Piano	Keyboard Style	Golden Oak	1910
Instrumentation: Piano, mandolin attachment, and flute pipes.						
Stack No: 2264 Stack Type: Late 3-tier with bleeds in the unit valves.						

Brand Name	- - - Piano Serial Numbers - - -		Model	Case Type	Case Finish	Year Mfr
Pipe chest: Early, bass pipes on separate offset chest. Register unit: Slider valves. Roll System: Top of piano, horizontal music bin with chain drive fingers. Pump: Horizontal round belt, vacuum & pressure. Expression Control: Early balance beam on top of pump (with coil spring balanced spill valve). Coin System: Coin makes electrical contact. Motor: Westinghouse Art Glass: Large oval glass upper front pane. Comments: Keyboard style, possibly a Link Style C. Link fallboard decal. No evidence of having a roll bin under the keyboard and piano has all Link mechanism. The 1910 Schaff serial number suggests that this piano sat in the warehouse while Automatic Musical Co. was being reorganized, resulting in the formation of the Link Piano Co in 1913. The front or music desk board is routed out at the bottom edge to receive mandolin and pipe cut out switches, but these were never installed. The pipe chest spacing fits a Haddorff piano, not a Schaff. The remains of that paper tag pasted under the Schaff serial number shows a Link serial number of 2264, same as the stack number. See bottom illustration on page 482 of the Encyclopedia of Automatic Musical Instruments. Currently at the Center for Technology and Innovation museum (ctandi.org).						
Link Piano Company.	Haddorff #59024	Link #2329	R	Keyboard Style	Dark Oak	1914
Plays Link RX music rolls. Art Glass: Wall with potted plants and vines instead of the usual parrot glass. Comments: Case fully intact but completely stripped of all mechanism except the piano action. Music desk routed for 3 on/off slides. Piano plate above tuning pins says "Link Piano Co, Binghamton NY."						
Link Piano Company.	Haddorff #63045	Link #2466	C	Keyboard Style	Mission Oak	1915
Instrumentation: Piano, mandolin attachment, and flute pipes. Pipe chest: Early, bass pipes on separate offset chest. Roll System: Top of piano, slanted horizontal music bin. Plays Link RX music rolls. Pump: Horizontal round belt, vacuum & pressure. Coin System: Coin tripped knife switch, no accumulator. Art Glass: Center 2 panesl are of a scenic countryside setting with house; 4 taller side panels are of geometric design. Comments: This keyboard style instrument has a pipe chest and so it is probably an early style C. It is the later style R Mission style case but taller than the earlier R. It has the later slanted roll shelf instead of a paper pusher, but retains the earlier magnet trip coin mechanism. Around 1916 they simplified the case on the keyboard instruments and started using the ratchet wheel coin mechanism.						
Link Piano Company.	Haddorff #65052	Link #2498	C	Keyboard Style	-----	1915
Instrumentation: Piano, mandolin attachment, and flute pipes. Plays Link RX music rolls.						
Link Piano Company.	Haddorff #?????	Link #2499	C	Keyboard Style	-----	----
Instrumentation: Piano, mandolin attachment, and flute pipes. Plays Link RX music rolls.						
Link Piano Company.	Haddorff #?????	Link #2597	C	Keyboard Style	-----	1916
Instrumentation: Piano, mandolin attachment, and flute pipes. Plays Link RX music rolls. Expression Control Date: 12/5/1916						
Link Piano Company.	Haddorff #?????	Link #2635	C	Keyboard Style	-----	----
Instrumentation: Piano, mandolin attachment, and flute pipes. Register unit: 3-slider lock and cancel unit. Plays Link RX music rolls. Comments: Displayed at Svoboda's Nickelodeon Tavern, 1950s-1970s.						

Brand Name	- - - Piano Serial Numbers - - -	Model	Case Type	Case Finish	Year Mfr
Link Piano Company.	Haddorff #????? Link #2638	C	Keyboard Style	Oak	----
Instrumentation: Piano, mandolin attachment, and flute pipes. Stack No: 2638 Plays Link RX music rolls. Comments: Instrumentation and mechanism of a Style C, but in custom case with four large art glass panels and two wood and art glass lamps extending forward from upper corners. One other example is known to exist. It is unknown whether this instrument is a Style C or if it had a different style letter.					
Link Piano Company.	Haddorff #????? Link #2656	C	Keyboard Style	-----	----
Instrumentation: Piano, mandolin attachment, and flute pipes. Plays Link RX music rolls.					
Link Piano Company.	Haddorff #????? Link #2834	A Orchestrion	Keyboard Style	-----	----
Instrumentation: Piano, mandolin attachment, metal violin pipes, wood flute pipes, snare drum, triangle, tom-tom, tambourine, and wood block. Plays Link A music rolls.					
Link Piano Company.	Haddorff #????? Link #2857	C	Keyboard Style	-----	----
Instrumentation: Piano, mandolin attachment, and flute pipes. Plays Link RX music rolls. Comments: Upper front design resembles a taller version of the style R art glass, rather than the usual C design.					
Link Piano Company.	Haddorff #81027 Link #2859	C	Keyboard Style	Golden Oak	1919
Instrumentation: Piano, mandolin attachment, and flute pipes. Plays Link RX music rolls. Comments: Keyboard style with pipes gutted, probably a style C; now rebuilt as Link AX. When found is was completely gutted and cut down to the pin block, exactly like Link piano #3021. This piano may be one of those sold at the 1932 Link auction to the Fowler Piano Company in Binghamton, New York, who then cut down the cases and removed all mechanisms. Piano found in 1974 in the Ithaca NY dog pound, in an apartment occupied by the caretaker.					
Link Piano Company.	Haddorff #88160 Link #2959	A Orchestrion	Keyboard Style	Quartered Oak	1920
Instrumentation: Piano, mandolin attachment, metal violin pipes, open flute pipes, snare drum, triangle, tom-tom, tambourine, and wood block. Stack Type: Late 3-tier with unit valves and a ganged bleed block. Pipe chest: One continuous 2-rank pipe chest. Register unit: Mechanical latches on pneumatics. Roll System: Top of piano, slanted horizontal music bin. Plays Link A music rolls. Pump: Horizontal flat belt, vacuum & pressure. Expression Control: Hammer rail lift only. Coin System: Lever tripped ratchet wheel accumulator. Motor: Holtzer-Cabot Art Glass: 4 scenic art glass panels, two with lighted torches. Comments: The Haddorff number is stamped on the top edge of the bottom back board of the back structure, the board that holds the back posts together at the bottom, as reported by Robert Loeffler. As of August, 2014, this Link is nearly finished undergoing a complete restoration. Owner: Michael Lund (reported 8/29/2014)					
Link Piano Company.	Haddorff #????? Link #2979	AX Orchestrion	Keyboard Style	-----	----
Instrumentation: Piano, mandolin attachment, marimbaphone, snare drum, triangle, tom-tom, tambourine, and wood block. Plays Link A music rolls.					
Link Piano Company.	----- Link #3021	Unknown Link	-----	Golden Oak	----
Comments: Keyboard style, with Link S/N, but no Haddorff number apparent. This piano may be one of those sold at the 1932 Link					

Brand Name	- - - Piano Serial Numbers - - -	Model	Case Type	Case Finish	Year Mfr	
<p>auction to the Fowler Piano Company in Binghamton, New York, who then cut down the cases and removed all mechanisms. The top case extension has been cut off right at the top of the pin block. The coin slot hole is visible although they did a good job of hiding it and matching the wood finish.</p>						
Link Piano Company.	Haddorff #?????	Link #3026	C	Keyboard Style	-----	----
<p>Instrumentation: Piano, mandolin attachment, and flute pipes. Plays Link RX music rolls.</p>						
Link Piano Company.	Haddorff #93987	Link #3093	A Orchestrion	Keyboard Style	Walnut	1920
<p>Instrumentation: Piano, mandolin attachment, metal violin pipes, wood flute pipes, snare drum, triangle, tom-tom, tambourine, and wood block. Pipe chest: Late, one continuous pipe chest. Roll System: Top of piano, slanted horizontal music bin. Plays Link A music rolls. Pump: Horizontal flat belt, vacuum &amp; pressure. Coin System: Lever tripped ratchet wheel accumulator. Motor: Seeburg Motor #M88431 Comments: Currently has Seeburg Motor with flat belt that matches the pulley on the pump. The die-stamped Haddorff serial number is centered on the board below the sound board - same location as on the cabinet style instruments. In early 2014 the instrument was reportedly undergoing partial restoration. Then in late 2019 the Link was reported as unrestored but essentially complete and for sale.</p>						
Link Piano Company.	Haddorff #95672	Link #3178	AX Orchestrion	Keyboard Style	-----	1921
<p>Instrumentation: Piano, mandolin attachment, marimbaphone, snare drum, triangle, tom-tom, tambourine, and wood block. Plays Link A music rolls. Comments: Cabinet door stamped 95,672 (1921?). No plate cover over pinblock.</p>						
Link Piano Company.	Haddorff #?????	Link #3236	A Orchestrion	Keyboard Style	-----	----
<p>Instrumentation: Piano, mandolin attachment, metal violin pipes, wood flute pipes, snare drum, triangle, tom-tom, tambourine, and wood block. Plays Link A music rolls. Comments: Keyboard style; missing parts.</p>						
Link Piano Company.	Haddorff #94479	Link #3237	A Orchestrion	Keyboard Style	Walnut	1921
<p>Instrumentation: Piano, mandolin attachment, metal violin pipes, wood flute pipes, snare drum, triangle, tom-tom, tambourine, and wood block. Stack Type: Late 3-tier with unit valves and a ganged bleed block. Pipe chest: Late, one continuous pipe chest. Register unit: Mechanical latches on pneumatics. Roll System: Top of piano, slanted horizontal music bin. Plays Link A music rolls. Pump: Horizontal round belt, vacuum &amp; pressure. Expression Control: Hammer rail lift only. Coin System: Lever tripped ratchet wheel accumulator. Motor: Holtzer-Cabot, 1150 RPM at 1/6 HP Art Glass: Torches in each side panel, scenic for two center panels., clear glass for music roll cabinet at top. Comments: Keyboard style; plate broken, now has a different piano.</p>						
Link Piano Company.	Haddorff #?????	Link #3255	AX Orchestrion	Keyboard Style	-----	----
<p>Instrumentation: Piano, mandolin attachment, marimbaphone, snare drum, triangle, tom-tom, tambourine, and wood block. Plays Link A music rolls.</p>						
Link Piano Company.	Haddorff #10227	Link #3343	E	Keyboard Style	Mahogany	1925
<p>Instrumentation: Piano, mandolin attachment, and marimbaphone. Stack Type: Late 3-tier with unit valves and a ganged bleed block. Register unit: Mechanical latches on pneumatics.</p>						

Brand Name	- - - Piano Serial Numbers - - -	Model	Case Type	Case Finish	Year Mfr
------------	----------------------------------	-------	-----------	-------------	----------

Roll System: Top of piano, slanted horizontal music bin. Plays Link RX music rolls.

Pump: Horizontal flat belt, vacuum. Expression Control: Early Link balance beam on top of pump (with coil spring balanced spill valve).

Coin System: Lever tripped ratchet wheel accumulator. Motor: Emerson 1/8 HP, 1,800 RPM motor.

Art Glass: Standard scenic clear and opalescent glass with illuminated torches, reverse matched for each access door.

Comments: Comments: Emerson motor serviced by Waffle's Electric Ltd. of Windsor and Chatham, Ontario, Canada. Original resonators behind xylophone bars. Plays Link RX music rolls. Piano has rewind spool assembly and left-hand threaded feeder crank for brass gear. With original cash box lock and key, consisting of a strange looking padlock. Standard Link keyboard design in a mahogany case, with one swivel valve to turn the xylophone on, auto, or off. No plate covering pinblock. The Haddorff # stamped on edge of cabinet door. The piano has been fully restored, including a new pinblock.

Link Piano Company.	Haddorff #?????	Link #3377	AX Orchestrion	Keyboard Style	- - - - -	----
---------------------	-----------------	------------	----------------	----------------	-----------	------

Instrumentation: Piano, mandolin attachment, marimbaphone, snare drum, triangle, tom-tom, tambourine, and wood block.

Plays Link A music rolls.

Comments: Keyboard style; located in Maine, 100% original.

Link Piano Company.	Haddorff #?????	Link #3393	E	Keyboard Style	- - - - -	----
---------------------	-----------------	------------	---	----------------	-----------	------

Instrumentation: Piano, mandolin attachment, and marimbaphone.

Plays Link RX music rolls.

Comments: Keyboard style.

Link Piano Company.	Haddorff #10566	Link #3427	E	Keyboard Style	Dark Oak	1925
---------------------	-----------------	------------	---	----------------	----------	------

Instrumentation: Piano, mandolin attachment, and marimbaphone.

Stack Type: Late 3-tier with unit valves and a ganged bleed block.

Register unit: Mechanical latches on pneumatics.

Roll System: Top of piano, slanted horizontal music bin. Plays Link RX music rolls.

Pump: Horizontal round belt, vacuum. Expression Control: Early Link balance beam on top of pump (with coil spring balanced spill valve).

Coin System: Lever tripped ratchet wheel accumulator.

Art Glass: Standard scenic clear and opalescent glass with illuminated torch, reverse matched for each access door.

Comments: Standard Link keyboard design and glass in dark oak case, with the little swivel valves to turn the mandolin and xylophone on and off, instead of the sliders under the music desk that are almost always missing. This Link has a rarely seen holder for the rewind spool that hangs under the roll shelf just to the left of the roll mechanism.

Link Piano Company.	Haddorff #?????	Link #3448	E	Keyboard Style	Walnut	----
---------------------	-----------------	------------	---	----------------	--------	------

Instrumentation: Piano, mandolin attachment, and marimbaphone.

Plays Link RX music rolls.

Comments: 2-tone walnut case finish. No plate covering pinblock. Previously displayed at the Gold Coin Saloon, Central City, CO, for many years.

Link Piano Company.	Haddorff #?????	Link #3457	AX Orchestrion	Keyboard Style	- - - - -	----
---------------------	-----------------	------------	----------------	----------------	-----------	------

Instrumentation: Piano, mandolin attachment, marimbaphone, snare drum, triangle, tom-tom, tambourine, and wood block.

Plays Link A music rolls.

Comments: Furniture front.

Link Piano Company.	108263 #?????	Link #3475	EX	Keyboard Style	2-Tone Walnut	1926
---------------------	---------------	------------	----	----------------	---------------	------

Instrumentation: Piano, mandolin attachment, and xylophone.

Stack No: 3475 Stack Type: Late 3-tier with unit valves and a ganged bleed block.

Register unit: Mechanical latches on pneumatics.

Brand Name	- - - Piano Serial Numbers - - -	Model	Case Type	Case Finish	Year Mfr	
<p>Roll System: Top of piano, slanted horizontal music bin. Plays Link RX music rolls.  Pump: Horizontal flat belt, vacuum. Expression Control: Double control pneumatics on top left of pump with accent bypass.  Coin System: Lever tripped ratchet wheel accumulator.  Art Glass: 2-toned walnut DeLuxe case with 4 vertical lattice work panels and two horizontal open lattice work grills near top of case front.  Comments: This Link piano is a very late keyboard style instrument in a "Link DeLuxe" two-tone Walnut case, and has a brass plate attached to the pin block with the number 3475 stamped in the opening. Play RX rolls.</p>						
Link Piano Company.	Haddorff #?????	Link #3487	AX Orchestrion	Keyboard Style	-----	----
<p>Instrumentation: Piano, mandolin attachment, marimbaphone, snare drum, triangle, tom-tom, tambourine, and wood block.  Plays Link A music rolls.</p>						
Link Piano Company.	-----	Link #4374	Unknown Link	-----	-----	----
<p>Instrumentation: Piano and mandolin attachment.  Art Glass: Large front window with art glass.</p>						
Link Piano Company.	-----	Link #6101	Unknown Link	-----	-----	----
<p>Comments: Cabinet style.</p>						
Link Piano Company.	-----	Link #6218	Unknown Link	-----	-----	----
<p>Instrumentation: Piano and mandolin attachment.  Art Glass: Art glass.  Comments: No vacuum reservoir or drive belt tension pulley.</p>						
Link Piano Company.	Haddorff #?????	Link #6297	2E	Cabinet Style	Quartered Oak	----
<p>Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism.  Stack No: 6869 Stack Type: Early 3-tier (standard) stack.  Roll System: Above pump, slanted horizontal music bin, single sliding finger. Plays Link RX music rolls.  Pump: Horizontal flat belt, vacuum. Expression Control: Hammer rail lift only.  Coin System: Lever tripped ratchet wheel accumulator. Motor: Emerson s/n 5974746, 1150 RPM.  Comments: Haddorff Piano serial number unknown due to new pinblock. Push/pull coin entry. This instrument came from Pennsylvania, belonged to the late Bart Off, and restoration work was incomplete. Ronald Hartman, the current owner, is completing the restoration. Very nice looking piano. Complete set of new strings and all new piano action parts, new pinblock etc. Instrument is thought to have spent many, many years in a Pennsylvania Dutch tourist location, went through an auction in Euphrates, and was purchased by current owner.  Owner: Ronald Hartman (reported 1/30/2018)</p>						
Link Piano Company.	Haddorff #94062	Link #6418	2B Orchestrion	Cabinet Style	Oak	1921
<p>Instrumentation: Piano, mandolin attachment, snare drum, triangle, tom-tom, tambourine, and wood block.  Stack No: 6418 Stack Type: Late 3-tier with unit valves and a ganged bleed block.  Register unit: Mechanical latches on pneumatics.  Roll System: Above pump, slanted horizontal music bin. Plays Link A music rolls.  Pump: Horizontal flat belt, vacuum. Expression Control: Early balance beam on top of pump (with coil spring balanced spill valve).  Coin System: Lever tripped ratchet wheel accumulator. Motor: Holtzer-Cabot #419686, 1150 RPM .  Comments: Was originally a style 2B, missing trapwork when found, now rebuilt. New trap shelf constructed from pictures and drawings of an original Link 2B owned by the late Ed Freyer. Piano had instruction sheet glued to the inside case on how to change the music roll.</p>						
Link Piano Company.	Haddorff #?????	Link #6446	2E	Cabinet Style	-----	----
<p>Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism.</p>						

Brand Name	- - - Piano Serial Numbers - - -	Model	Case Type	Case Finish	Year Mfr
Plays Link RX music rolls.					
Link Piano Company.	Haddorff #?????	Link #6615	2E	Cabinet Style	-----
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism.					
Plays Link RX music rolls.					
Comments: Expression device connected to hammer rail pneumatic with little flap valve. Displayed at Svoboda's Nickelodeon Tavern, 1950s-1970s.					
Link Piano Company.	Haddorff #97727	Link #6652	2E	Cabinet Style	-----
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism.					
Roll System: Plays A rolls. Plays Link RX music rolls.					
Art Glass: Clear glass with wooden latticework.					
Comments: Roll mechanism and pump replaced.					
Link Piano Company.	-----	Link #6797	Unknown Link	-----	-----
Art Glass: No lattice.					
Comments: Displayed at Knott's Berry Farm. Had Seeburg pump, roll drive, spool frame, and coin mechanism. Appears not to have had a xylophone.					
Link Piano Company.	Haddorff #?????	Link #6802	2E	Cabinet Style	Oak
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism.					
Roll System: Above pump, slanted horizontal music bin. Plays Link RX music rolls.					
Pump: Horizontal flat belt, vacuum.					
Coin System: Lever tripped ratchet wheel accumulator. Motor: Holtzer-Cabot 453076					
Art Glass: Lattice.					
Comments: Date "10/24/23" found inside instrument. This Link 2E was purchased in 1957 by an agent who had it stored in a wholesale barn in Binghamton, NY. This person was a serious collector and then donated it to the Schubert Club in Minneapolis, MN. It did not play for forty years and accumulated much dirt and dust.					
The current owner purchased it in 1995 and rebuilt it in 1996. The machine was complete, but had green paint splattered on the front and left side, which cleaned up very nicely showing a good oak veneer, which was all original but it was not refinished.					
Link Piano Company.	Haddorff #?????	Link #6803	2E	Cabinet Style	-----
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism.					
Plays Link RX music rolls.					
Link Piano Company.	Haddorff #10127	Link #6816	2E	Cabinet Style	-----
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism.					
Plays Link RX music rolls.					
Comments: Cabinet style.					
Link Piano Company.	Haddorff #10127	Link #6824	2E	Cabinet Style	Oak
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism.					
Roll System: Above pump, slanted horizontal music bin. Plays Link RX music rolls.					
Pump: Horizontal flat belt, vacuum.					
Coin System: Lever tripped ratchet wheel accumulator.					
Art Glass: Lattice.					
Comments: This is a standard Link 2E, like any other mid-1920s example. It has most of its original tubing intact, but it will take a lot of work to get it playing again. Original home was a restaurant in Worcester, Massachusetts.

Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism (with improved expression). Plays Link RX music rolls. Art Glass: Carved wreath, 2 art glass windows. Comments: Destroyed in San Bernardino fire October 2007.						
Link Piano Company.	Haddorff #11007	Link #7594	2EX	Cabinet Style	-----	1927
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism (with improved expression). Plays Link RX music rolls.						

Brand Name	- - - Piano Serial Numbers - - -	Model	Case Type	Case Finish	Year Mfr
Link Piano Company.	Haddorff #????? Link #7600	2EX	Cabinet Style	-----	----
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism (with improved expression).					
Plays Link RX music rolls.					
Art Glass: Front has two small art glass windows and a center wood panel with wreath appliqué.					
Link Piano Company.	Haddorff #????? Link #7670	2EX	Cabinet Style	Orig. Oak	1929
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism (with improved expression).					
Plays Link RX music rolls.					
Art Glass: Two detailed art glass windows with cast pillars and embossments and center wood panel with "TRY-SKILL" game.					
Comments: "TRY-SKILL" game, made by Drushell in 1929. Most of the game components are present inside the case, including coin slides, transformers, wiring, and face plate located on the center front panel of the case. The dial was missing, but an original dial was located and as of 2013 the game is complete. Internal keyboard for tuning purposes. Player mechanisms are complete and the casework is in excellent original condition. Originally found on location in Louisville, KY.					
Link Piano Company.	Haddorff #11088 Link #7698	2EX	Cabinet Style	-----	1927
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism (with improved expression).					
Plays Link RX music rolls.					
Link Piano Company.	Haddorff #11206 Link #7789	2EX	Cabinet Style	-----	1928
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism (with improved expression).					
Plays Link RX music rolls.					
Link Piano Company.	Haddorff #????? Link #7792	2BX Orchestrion	Cabinet Style	-----	----
Instrumentation: Piano, mandolin attachment, marimbaphone, snare drum, triangle, tom-tom, tambourine, and wood block.					
Plays Link A music rolls.					
Comments: The rare Link 2BX is a cabinet style piano with both xylophone and drums.					
Link Piano Company.	Haddorff #????? Link #7835	2EX	Cabinet Style	Oak	1927
Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism (with improved expression).					
Stack Type: Late 3-tier with unit valves and a ganged bleed block.					
Register unit: Mechanical latches on pneumatics.					
Roll System: Above pump, slanted horizontal music bin. Plays Link RX music rolls.					
Pump: Horizontal flat belt, vacuum. Expression Control: Double control pneumatics on top left of pump with accent bypass.					
Coin System: Lever tripped ratchet wheel accumulator. Motor: Holtzer-Cabot #613250, 1/8 HP, 1150 RPM.					
Comments: All original and has late style expression and tune counter. The previous owner got this Link piano from a tavern in Johnson City, NY, in the 1950s.					
Link Piano Company.	Haddorff #11271 Link #7876	2F	Cabinet Style	Dark Oak	1927
Instrumentation: Piano, mandolin attachment, and marimbaphone.					
Stack No: 7876 Stack Type: Late 3-tier with unit valves and a ganged bleed block.					
Register unit: Mechanical latches on pneumatics.					
Roll System: Above pump, slanted horizontal music bin. Plays Link RX music rolls.					
Pump: Horizontal flat belt, Vacuum. Expression Control: Double control pneumatics on top left of pump with accent bypass.					
Expression Control Date: 5/17/1927					
Coin System: Lever tripped ratchet wheel accumulator. Motor: Holtzer-Cabot (original)					

Brand Name	- - - Piano Serial Numbers - - -	Model	Case Type	Case Finish	Year Mfr
------------	----------------------------------	-------	-----------	-------------	----------

Art Glass: Two clear bevel glass panels.

Comments: This is the only Link Style 2F known as of this writing. Slider valve type register control. Date notation of 5/7/1927 on pump bottom. Holtzer-Cabot motor #541185, 1150 RPM. Sold by Link dealer, Brandon & Chapman, Glen Falls, N.Y., to Louis Battini, owner of "The Candy Kitchen," 4-6 Main St., Jamestown, N.Y., who still owned the piano in 1938 and purchased RX roll #10547 (\$2.50) from Raymond Deyo on 11/2/1938. Sold to Henry Werner, Rochester, N.Y., in the 1950s, then to Richard Reis, Greece, N.Y., in 1962, The piano came to Alan H. Mueller through a friend, Richard Reis, who had purchased it from Henry Werner of Rochester, N.Y., who had grown up in Jamestown and remembered and knew Louis Battini. The piano did not have any expression control except the piano hammer rail. The place for the expression device on the top of the pump manifold was covered with a gasketed block of wood (which appeared to be original). Discussing this with the late Eddy Fryer, he suggested that Mueller check around for a balance beam or double control pneumatics. Art Sanders of Deansboro had an almost complete balance beam assembly and generously gifted it to Alan Mueller. Piano sold to current owner in 2022.

---

Link Piano Company.	Haddorff #?????	Link #7906	2EX	Cabinet Style	-----	1927
---------------------	-----------------	------------	-----	---------------	-------	------

Instrumentation: Piano, mandolin attachment, and marimbaphone (xylophone) with reiterating mechanism (with improved expression).

Plays Link RX music rolls.

Expression Control Date: 1927
