Ledger information courtesy of Mike Schoeppner, Jack Conway, and Matthew Caulfield

Total items listed in this report: 1553

- Style Notes:
1. An asterisk (*) after a serial number flags the item as being a first instance or occurrence within the ledger/database.
 2. Ledger entries with ONLY a serial number (and otherwise blank) are recorded in the database, but omitted in this report.
 3. Text inserted by the Editor is placed within enclosing [brackets].
 4. The original ledger material has been slightly edited and obvious spelling and location errors corrected, but in all instances the original intent has been preserved. Otherwise the reader would be confronted with an endless number or annoying (sic) notations.

S/N	Style Name and/or Type	Case Finish	Order No.	Ledger Date	Pg #. Line #
2128	155 Band Organ	-----	-----		N/A
Editor Comments: This item was appended to the band organ ledger information on 4/19/2011, using information supplied by Dan Robinson and Art Reblitz. Ledger page is N/A.					
Comments: Style 155 "Monster" (built by de Kleist). Organ had a wooden 5-tune spoolbox and newspapers dated 6/27/1907 in the pressure pump, which suggests a completion date of 1907.

3349	165 Band Organ - Duplex Destination: A. H. Bornkessel; Sea Breeze, N.Y. Editor Comments: The Wurlitzer Factory Shipping Dock Ledgers show the customer as A. H. Bornkessel, 4/12/21. Comments: Andrew Bornkessel owned a small amusement park on the shore of Lake Ontario, just across the road and New York Central Railroad tracks from Seabreeze Park, which was then owned by the New York State Railway Co. The NYCRR successfully sued Bornkessel over ownership of the lake shore park land. So Bornkessel moved south across the road and the railroad tracks to build Karnival Kourt in 1917. He eventually renamed it Boardwalk Park and it operated until about 1960. It is believed that 165 organ #3349 perished in a 1932 fire at Boardwalk Park.	White	Our 376	4/11/1921	22.14

3779	165 Band Organ Destination: Spillman Engineering Company. Notations: 165 Band Organ, 4/12/26, Order No. 2106, Washington, D.C. Comments: The Wurlitzer Factory Shipping Dock Ledgers has 5/29/25 crossed out, with notation to see March 1926, but has nothing under March 1926; it is under Apr. 12, 1926. The story is the first shipment to Washington, D.C., sat unclaimed and it was reshipped the next year. The Factory Ledgers have two more entries, in 1934 and 1941, showing the organ's conversion to APP or Caliola rolls. The organ is still in its original location at Glen Echo Park, converted back in the 1970s by Durward Center, Baltimore, to play 165 rolls.	-----	612	5/29/1925	39.19

4182	180 Band Organ Destination: St. Mary's Church; Amsterdam, N.Y. Notations: 11/16/36, John L. Bell, Fort Wayne, Ind. Comments: #4182 is the incomplete 180 located in the Virginia City, Mont., museum. It is equipped with a keyboard mounted on the side near the bottom. The John Bell mentioned in the notation owned a rollerskating rink in Fort Wayne, and it is still in operation. The original Amsterdam, N.Y., destination was St. Mary's Church. None of the church's records or members shed any light on what a Catholic Church (which already had a fine church organ) was doing with a Style 180 keyboard-operated band organ.	-----	1131	6/19/1929	55.22

Comments: The current owner reported on July 18, 2017, that he bought the style 103 organ #4330 at the Musical Box Society International (MBSI) convention in Dearborn, MI in 1980, an event that included a band organ rally. Very little has been done to the organ, aside from routine maintenance, recovering the vacuum reservoir, and replacing the leather disk in the friction drive; all else is factory original. Inside the vacuum reservoir was an old newspaper page used to seal the wood and make it air tight. In a blank portion of the newspaper, hand-written in pencil, was the following notation: "Sept 7 - 1937 by W.H.G." It was rumored at the band organ rally that the organ had been purchased from the N.Y. distributor by an unknown collector while still in its original shipping crate. The organ is pictured at bottom right on page 94 of Ron Bopp's book: "The American Carousel Organ."
